Subject: CanZinco Limited's submission of its **Nanisivik Mine 2004 Reclamation and Closure Plan**

Dear Parties,

The Nunavut Water Board ("NWB") has received CanZinco Limited's **Nanisivik Mine 2004 Reclamation and Closure Plan** ("Plan"), as was required under Part G, Item 3 of Water License No. NWB1NAN0208. The Plan is located on the NWB's FTP site at the following address:

<http://ftp.nunavut.ca/nwb/NWB1%20MINING/NWB1NAN0208%20Nanisivik/Closure%20Plans/>

NWB staff will review the Plan this week to ensure that it addresses the issues identified in Licence NWB1NAN0208. The NWB will issue direction by 5:00 pm (MST), Friday February 13, 2004 as to how it intends to implement the review schedule for the Plan. Tentative dates for the NWB pre-hearing and public hearing, as well as possible technical meetings, will also be considered this week.

In its February 6, 2004 letter to the NWB, CanZinco Limited has noted that the *West Twin Disposal Closure Plan* is being currently finalized and it will be submitted shortly. The NWB will notify the Nanisivik Distribution List when this outstanding report is received.

Any questions regarding this matter should be addressed to Philippe di Pizzo, NWB Executive Director, or to me.

Yours truly,
