As per **Section 55(4)** of the Nunavut Waters and Nunavut Surface Tribunal Act, the *Mine Stability Report* was made available for public intervention through a review period. INAC had retained EBA Engineering Consultants Ltd. and their sub-consultant Zostrich Geotechnical to assist in undertaking INAC's review. The NWB has enclosed the comments from INAC's consultant and requests a formal response to these comments through detailed discussion from Breakwater Resources Ltd.
