**Subject:** Site Reclamation Plan - Nanisivik Mines Site  
**Date:** Tuesday, April 06, 2010 1:00:17 PM

---

Ms. Beaulieu

My records indicate that Breakwater Industries anticipated receiving final approval from the NWB of their proposed reclamation plan for the DFO-owned Nanisivik Mines site on or around March 31, 2010. We will be contacting Breakwater shortly in order to coordinate our proposed activities at this location in such a manner that we do not interfere with their remediation efforts.

Are you able to tell me if NWB has approved the plan or when the plan is expected to receive final approval? Please let me know at your earliest convenience in order for us to begin our scheduling activities.

Thank you
