Hi Phyllis,

In response to your email below. We have not provided Teck with any other information regarding Type A or Type B applications other than what was written/submitted on Dec 22, 2011.

The only other information that we have provided to Teck was that we gave their monitoring report/program a general read and advised that they should submit it with their renewal application and we will give it a technical review at the time of renewal comments.

Regards,

Ian

Good day Ian and Murray

Our office has received the renewal application for the Polaris Mine which is currently being uploaded to our ftp site. Bruce has provided the renewal as a Type B. I thought I would confirm with your office whether or not there was additional information provided to Tech Metals on the Type A versus Type B after receipt of the attached.
