December 13, 2002

To: Local Organizations, Resolute Bay

The Nunavut Water Board requests that you post **on a bulletin board**, the attached notices (in English and Inuktitut), **where they can be viewed by the public.**

Your time and effort is greatly appreciated, as we would like as wide a distribution as possible for the upcoming pre-hearing for the decommissioning and reclamation of the Polaris Mine.

We also request that the radio station make an on-air announcement regarding the attached notices.

Sincerely,

Original signed by:
