[Sub: Water License Application for Hydrostatic Testing of Fuel Storage Tank #3 Repairs, Coral Harbor- Request for Withdrawal of GN/CGS Application](#)

Hi Phyllis,

GN has decided to withdraw the application that was sent on March 19, 2015 to NWB. We want to inform that the contractor will apply once the contract is signed for the project and executed possibly by the mid-to 3rd week of April, 2015.

GN has provided all information to the Contractor for Water Licence Application for the Hydrostatic Testing of Fuel Storage [Tank #3 Repairs in Coral Harbour](#).

We hope for timely approvals once the application is submitted by the contractor and have the hydrostatic testing of the above noted tank within the construction season this year- 2015.

Please feel free to contact us for any other information.

Thanks
