Hi Dave,

Sorry about that. There will be no concerns for us regarding the different company name.

Have a great day!

Fisheries and Oceans Canada

Fisheries and Oceans Canada has changed the way new project proposals (referrals), reports of potential *Fisheries Act* violations (occurrences) and information requests are managed in Central and Arctic Region (Alberta, Saskatchewan, Manitoba, Ontario, Nunavut and the Northwest Territories). Please be advised that general information regarding the management of impacts to fish and fish habitat and self-assessment tools (e.g. Measures to Avoid Harm) that enable you to determine *Fisheries Act* requirements are available at DFO's "Projects Near Water" website at www.dfo-mpo.gc.ca/pnw-ppe/index-eng.html. For all occurrence reports, or project proposals where you have determined, following self-assessment, that you cannot avoid impacts to fish and fish habitat, please submit to fisheriesprotection@dfo-mpo.gc.ca. For general inquiries, call 1-855-852-8320.

Subject: Quick Question about File 18-HCAA-00541

Hi,

In the correspondence from your office on May 18, 2018 related to file 18-HCAA-00541 (NWB File 1BH-IBF---), Jessica Epp-Martindale indicated that she had reviewed an application by Qulliq Energy Corporation. However, this application is on behalf of their contractor Inukshuk Construction Ltd..

The NWB would be issuing the licence to the contractor who will be doing the work rather than to Qulliq Energy.

Please let us know if this slight mismatch in the paperwork causes DFO any concerns.

Thanks,

Dave
