Hi Sonia,

Please find attached amendment. Carolyn will look after the \$30 payment.

We need to fast track this one. We will require to proceed the test late August or September.

Regards,

Marc Losier, G.S.C.

Hi Marc

According to 1BH-PSC 1516 you are granted 1,900 cubic metres of water use, per one year, if you need additional volume of water (1,350 cum of water), the Licence requires an amendment in order to include that volume.

Regards

Sonia

Hi Sonia and Phyllis,

We just got the contract to repair an additional tank in Coral Harbour. The tank is an existing gasoline tank with a capacity of 1,350,000 litres. We will need to hydrostatic test the tank on completion. The test would be performed in September.

Can we use the water permit 1BH-PSC1516 to perform this task or do we need to provide another amendment?

Please advise.

Marc Losier, G.S.C.
