Hi Marc,

I was just informed that the that Preliminary Technical review is done and that the Application is deemed to be incomplete by the Technical advisor.

In order for our office to move forward with the Amendment application, please provide the additional information required below:

1. Updated Amendment Application. (attached)
2. Description of the undertaking (Scope of the application) The scope of the application should include all the activities that will take place under this undertaking i.e cleaning of used oil tanks and hydrostatic test on new tanks.
3. Blocks 13, 14 and 15 of the application (all water uses and waste generated and deposited shall be reflected on blocks 13, 14 and 15 of the application)
4. Spill Contingency plan, Provide a spill contingency plan according to Part H, item 1 of the current water licence, 1BH-PSC1414.
5. Water withdrawal and sources lake storage capacity

The applicant should provide a general assessment on whether the planned water withdrawal will impact the sources lake's storage capacity (see AANDC Comment's during the processing of the file February 21, 2014, (attached))
