Re: <u>Application Acknowledgement and Additional Information Required for Inukshuk</u> Construction Project Proposal

Dear Marc Loiser:

On February 6, 2014 the Nunavut Impact Review Board (NIRB or Board) received Inukshuk Construction's "Petroleum Systems Upgrade – Coral Harbour" project proposal from the Nunavut Water Board (NWB). On July 7, 2014 the NIRB received a positive conformity determination (Keewatin Regional Land Use Plan) from the Nunavut Planning Commission (NPC) for this file. The NIRB has assigned this project proposal file number **14UN029**. All documents received and pertaining to this project proposal include:

- *NWB General Water Licence Application*
- Figures
- Non-technical Project Proposal Summary in English and Inuktitut
- NPC Conformity Determination and Questionnaire

The NIRB has undertaken a preliminary completeness check and finds that your project proposal does *not* contain sufficient information for the NIRB to permit proper screening. Specifically, the NIRB is requesting submission of the following information by **July 25, 2014**.

- NIRB Part 1 Form in English and Inuktitut (blank forms attached)
- **■** *Map*

Further, the NIRB requests confirmation/clarification of which government agency is responsible for administering approvals for this project.

Please forward all forthcoming submissions to the NIRB at <u>info@nirb.ca</u> or via fax at (867) 983-2594.

If you have any questions or concerns, feel free to contact me at (867) 983-4606 or hrasmussen@nirb.ca.

Sincerely,

Healton Rasmussen
