Good Afternoon Phyllis,

Thank you for your response.

Yes I did call Sonia Aredes; was updated on where we are as per Mosher's permit application.

We would now work with the contractor to have all the required documents sent to you at the earliest, if they want to do the testing this year, before winter. In case they are late, we have to do the testing next year.

Thanks

Mohammed Ansari, PMP, LEED GA

Good day, Mohammed

As indicated in our telephone conversation, a licence has not been issued for Coral Harbour. I believe you've spoken to the tech advisor who, I'm sure, has provided you with a further update.

Regards,

Phyllis Beaulieu- Δαφνίη Σαββή

Hi Phyllis,

Good Morning,

A little while ago I left a voice message. This is regarding the under construction **Coral Harbour Tank Farm** project.

- Project file reference is: **1BH-PSC**

Can you please confirm if a water permit/licence has been issued to the Contractor- Mosher Engineering/Inukshuk for the hydrostatic testing of the noted tank farm in Coral Harbour.

Your earliest response will be highly appreciated.

Thanks
