Hi Sonia,

In reply to your letter dated August 28, 2014 we are offering the following reply:

- 1. Scope of the Water License:
 - We are applying for the water permit for the hydrostatic testing of the new tank only. We will be using some water to clean existing tanks, however, we will not dispose the water into the environment. The water residue from the tank cleaning will be stored in a horizontal tank at the tank farm dedicated for that usage.
- 2. Water Licence Application before the NWB, Form, Block 22 Financial Information
 - Inukshuk Construction Limited (ICL) will cover all cost associated with this activity

- ICL officers are as follow:
 - President: David Mosher
 - Vice President: Tony King
- Attached is the certificate of incorporation
- 3. Comments on the current Water Licence Application by Aboriginal Affairs and Northern Development Canada (AANDC) which shall be addressed by the Applicant
 - I believe that the concerns from AANDC have been resolved under the first two attachment communication with Cory Zyla.

Regards,

Marc Losier, G.S.C.
