**RE: BEAR ISLAND MID-CANADA LINE RADAR STATION REMEDIATION
PROJECT – NUNAVUT IMPACT REVIEW BOARD JURISTITION**

To Whom It May Concern:

Indian and Northern Affairs Canada (INAC) is in the process of applying for permits and licences required for the Bear Island Mid-Canada Line Radar Station Remediation Project.

As part of this process it has been determined that the Nunavut Impact Review Board (NIRB) does not have jurisdiction over Bear Island and as such a NIRB review will not be required for the project. As such, INAC has not included "NIRB Form Part 1 - Project Proposal Information Requirements" with this application package.

If you have any questions or require additional information please contact the Project Manager, Mark Yetman, at (867) 975-4733 or via e-mail at yetmanm@inac-ainc.gc.ca.
