Dionne:

I have left a voicemail with you today (June 23) regarding a letter that came across my desk today regarding a Type B Water License Application for Bear Island (1BR-BEA). In the letter, it states that on May 7, 2009 the Board wrote to the Makivik Corporation requesting confirmation by May 21 about the conformity of this project with an approved land use plan.

I am writing this email to determine, who at Makivik Corporation was the initial letter dated May 7 sent to? Please advise us as soon as possible as to who the contact was to determine why this issue went outstanding.
Thank-you in advance.
