No problem. We hope to have a decision on Bear Island from the NMRIRB soon and that our Water Licence Application can then be processed quickly. According to the conditional contract we need all permits prior to May 31st, 2010 or we'll have to delay the project again.

Cheers,
Mark

Hi Richard,

I met with the NMRIRB in December and they are currently exploring
their options with respect to screening Bear Island.

I'll let you know when I have a better idea as to when they may
finish the screening.

Mark

Good morning Mark;

I'd like to request an update on the submission of the screening from
the Nunavik Marine Region Impact Review Board.

Thanks
