Dear Phyllis:

Re: Water Use License 1BR-BYR0712 (PIN-4, Byron Bay) 2007 Annual Report

UMA Engineering Ltd. is providing the following information, as required by the Nunavut Water Board (NWB). The information is being provided on behalf of Defence Construction Canada and the Department of National Defence.

The contractor for the PIN-4 site, Kitnuna Projects Inc. of Cambridge Bay, attempted to mobilize to the site in September 2007. However, due to barge scheduling and weather conditions, they were unable to mobilize the camp and equipment to the site. As such, mobilization will occur in 2008, and the commencement of the work program will follow. Because the contractor did not mobilize last year, no work was completed at the site.

We trust the information provided is sufficient. Please feel free to contact the undersigned at 403-270-9200 or Douglas Craig at 613-998-7288 if you have any questions or comments.

Sincerely,

UMA Engineering Ltd.
