Dear Phyllis:

Project No: Water Use Licence No.: 1BR-CAP0914 2012 Annual Report
Regarding: PIN-2, Cape Young DEW Line Site

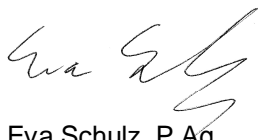

AECOM Canada Ltd. is providing the attached annual report form as per Section B.1 of the above-noted water use license. The report is being submitted on behalf of Defence Construction Canada (DCC) and the Department of National Defence (DND).

Remediation Work: The remediation construction work at PIN-2 was completed in August 2011. No further construction work is required at this site. However, removal of the PCB material currently in temporary storage remains and will be completed once the contract has been awarded. It is anticipated the material will be removed in 2013.

Monitoring Report: A report summarizing the data and information collected as part of the landfill monitoring program work completed in 2012 will be submitted once the report has been received from the third party contractor. The report will be submitted directly from DCC.

We trust the information provided is sufficient. Please feel free to contact the undersigned if you require any additional information.

Sincerely,
AECOM Canada Ltd.
