Subject: Request for Submission Required Under H1 of Current Licence

Dear Mr. Craig:

Under the terms and conditions of your current licence, 1BR-CAP0914, there is a requirement to submit documentation as follows:

H1 - "The Licensee shall provide to the Board for review, sixty (60) days following issuance of the Licence, detailed designs for the Sewage Disposal Facility complete with drawings for construction, signed and stamped by an Engineer. These designs shall consider, siting, operation, monitoring, sampling and analytical methods, decommissioning and closure options and plans for the proposed Facilities."

As of the date of this letter, the detailed drawings have not been received. Please advise when the Nunavut Water Board may expect this submission.

Sincerely,
