**Attention: Phyllis Beaulieu, Manager of Licensing**

Dear Phyllis:

**Reference: Chesterfield Inlet Fuel Facility – Landfarm Status Report  
NWB Licence No. 1BR-CIL1217**

The Chesterfield Inlet Bulk Fuel Facility is being upgraded and includes the construction of a new landfarm. The fuel facility is nearing completion and the landfarm construction has completed. The existing hydrocarbon contaminated soils from the fuel facility were removed and placed in the landfarm.

Based on our site observations, the contractor has constructed the landfarm as per the design and the water licence.

If you require any further information or have questions, please do not hesitate to contact me.

Respectfully,

**STANTEC ARCHITECTURE LTD.**
