Good Morning Malkiat,

I am currently engaged in the planning and development of the 2014 field inspection schedule.

While it is too early to predict the exact date, I will be conduct inspections on two water authorizations which you are listed as the Licensee. I hope to be in the Chester Inlet Area and conducting inspections starting in July until approximately September.

Upon review of your file I immediately notice this is your first year to submit an annual report I encourage you and your staff to have met all the requirements under PART B item 1 of 1BR-CIL1217 water Licence (which I have attached for your convenience as well as a simple Annual reporting form and Guide)

I remind you that, it is the responsibility of the Licensee to fulfill the terms and conditions in this Licence.

I am looking forward to our visit and hope we have the opportunity to work cooperatively together this coming year.

Christine Wilson
