

**ANNUAL REPORT
CHESTERFIELD INLET LANDFARM PROJECT**

YEAR BEING REPORTED: 2012

The following information is compiled pursuant to the requirements of **Part B, Item 1** of Water Licence **1BR-CIL1217** issued to the **Government of Nunavut, Community and Government Services.**

The Licence was issued on August 17, 2012 therefore this Annual Report only covers the months of August to December.

- a) A summary of all waste disposal activities including:
- i. Quantity and quality of effluent discharged from the Landfarm; and
 - ii. Quantity and characterization of soils placed within the Landfarm for treatment.

Month Reported	Quantity of Effluent Discharged from the Landfarm (m³)	Quantity of Soils Placed Within the Landfarm (m³)
August	0	0
September	0	0
October	0	0
November	0	0
December	0	0
ANNUAL TOTAL	0	0

The Landfarm was not commissioned in 2012; there was no effluent discharged from the Landfarm or soil placed within the Landfarm for treatment.

- b) a list of unauthorized discharges and summary of follow-up action taken;

No unauthorized discharges occurred from the Landfarm in 2012.

- c) Any revisions to the Spill Contingency Plan, Abandonment and Restoration Plan, and Operation and Maintenance Plan as required by Part B, Item 7, submitted in

ANNUAL REPORT CHESTERFIELD INLET LANDFARM PROJECT

the form of an Addendum;

No revisions were made to the Spill Contingency Plan, Abandonment and Restoration Plan, or Operation and Maintenance Plan in 2012.

- d) A description of all progressive and or final reclamation work undertaken including photographic records or site conditions before, during and after completion of operations;

No reclamation work occurred in 2012.

- e) A summary of all information requested and results of the Monitoring Program, an analysis and interpretation of the results, and any follow-up measures that may be required;

The following were requested by the NWB as conditions of the newly issued Licence:

- **Part E, Item 2: *The Licensee shall, within 6 Months of the issuance of the Licence, submit to the board for review an Addendum to the O&M Plan;***
- **Part E, Item 3: *The Licensee shall provide to the Board, within ninety (90) days of completion of the construction of all respective design drawings and construction reports, including all as-built drawings, documentation of field decisions that deviate from original plans and any data used to support these decisions. These plans and drawings shall be stamped by and engineer.***
- **Part H, Item 2: *The Licensee shall, within six (6) months of the issuance of the Licence, submit to the Board for review, an Addendum to the Spill Contingency Plan;***
- **Part J, Item 11: *The Licensee shall, within six (6) months following issuance of the Licence, submit to the Board a Quality Assurance/Quality Control (QA/QC) Plan for inclusion with the O&M Plan required under Part E, Item 2.***

There were no submissions corresponding to these requests in 2012.

There were no results to the Monitoring Program because the Landfarm was not yet commissioned in 2012.

**ANNUAL REPORT
CHESTERFIELD INLET LANDFARM PROJECT**

- f) Any other details on Waste disposal requested by the Board by November 1 of the year being reported.

No other information was requested by the Board prior to November 1, 2012.
