Dear Ms. Beaulieu:

**RE: 1BR-CLI0914 Water License Amendment and Renewal Application –
PIN-B (Clifton Point) Long Term Monitoring Program**

Please find enclosed a Water Licence Amendment and Renewal Application from Aboriginal Affairs and Northern Development Canada (AANDC) for the PIN-B (Clifton Point) Long Term Monitoring Program.

The existing license was issued to conduct remediation works at PIN-B, a former Distant Early Warning (DEW) Line site, located on the coast of Amundsen Gulf (Beaufort Sea), about 220 km northwest of Kugluktuk. The DEW Line site was in operation from 1957 to 1963 after which the site was abandoned.

Remediation works were conducted at the site between 2009 and 2010. To contain the soils and waste left on site, a non-hazardous waste landfill (NHWL) was constructed at PIN-B.

In fulfillment of departmental commitments to monitor the landfill post-closure, AANDC initiated a 25-year long term monitoring program at PIN-B in 2011. Long term monitoring events occurred at the site in 2011 and 2013 and a third monitoring event is scheduled to take place in the summer of 2015.

The purpose of this application is to renew and amend the existing water license so long term monitoring can be continued at the site.

In addition to this electronic submission, a complete amendment application, including a translated executive summary in Inuktitut and Inuinnaqtun, will be compiled on a CD and mailed to your attention as soon as translation is complete. This package will include the following Appendices:

Appendix	Title
1	Amendment and Renewal Application form
2	Executive Summary – English, Inuinnaqtun and Inuktitut
3	NIRB Screening Decision Report (NIRB#: 08DN082)
4	PIN-B (Clifton Point) Long Term Monitoring Plan
5	2011 PIN-B (Clifton Point) Long Term Monitoring Report
6	2013 PIN-B (Clifton Point) Long Term Monitoring Report

If you have any questions or require additional information related to this application, please contact the undersigned or Allison Dunn at (867) 975-4732 or via e-mail at Allison.Dunn@aandc.gc.ca.
