Hi Allison,

Following up on the message I left you yesterday, I quickly just wanted to touch-base on Licence no. 1BR-CL10914 . The preliminary technical review for the Amendment and Renewal Application for the Licence is almost complete and the Application generally appears to be in good order. Before the Licence can proceed, however, I wanted to inquire if any sampling occurred at the DEW site in 2009 and 2010. Pursuant to Section K, Item 2 of the Licence, and Items G and H of the Annual Report requirements, a tabular summary of all sampling results are required from the monitoring program locations.

Did sampling occur in 2009 and 2010? And if so, can you provide the results?

Please contact me with any questions or concerns you may have.

Regards,

Brady MacCarl, MSc- >ϣΔ∩ L^bb^{ϣc}
