Re: 1BR-CLR1419 Water Licence Closure, Contwoyto Lake Former Weather Station Site Remediation

The Contaminated Sites Program, Indigenous and Northern Affairs would like to close its Nunavut Water Board Licence No. 1BR-CLR1419. The site remediation activities are finished and no further work or monitoring is anticipated.

The final annual report for the Contwoyto Lake Remediation Project was submitted by email to NWB on June 22, 2016.
