**Re: Crown-Indigenous Relations and Northern Affairs Canada's comments on
the assignment application for water licence #1BR-CST1723 for soil and
water treatment facility in Cambridge Bay**

Dear Ms. Ikkutisluk,

Thank you for your April 17, 2020 invitation for comments on the above referenced application. The Water Resources Division of Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) examined the application and has two comments for the Nunavut Water Board's consideration.

- 1) **Assignee completed application** – Typically it is the assignor which completes the application, to confirm they want to transfer their water licence. In this case, the potential assignee (Kitikmeot Environmental Ltd.) completed the application, so it might be necessary to verify that the assignor (Kituna Environmental Ltd.) agrees.
- 2) **Incomplete business certificate** – The Kitikmeot Qualified Business Registry Certificate provided is missing the executive director's signature and is expired.

Comments have been provided pursuant to CIRNAC's mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and the *Department of Crown-Indigenous Relations and Northern Affairs Act*. If there are any questions or concerns, please contact me at (867) 975-3876 or by e-mail at sarah.forte@canada.ca.

Sincerely,

Sarah Forté
