Hi Assol,

I hope your day is going well too!

I consulted with our water quality folks and they would recommend a total petroleum hydrocarbon (TPH) limit of 5 mg/L.

Please let me know if you have any additional questions.

Thanks,

Eva

You don't often get email from [assol.kubeisinova@nwb-oen.ca](mailto:assol.kubeisinova@nwb-oen.ca). Learn why this is important

Hi Eva,

Hope your day is going well.

I am writing in regards to the recommendation ECCC provided on including a total petroleum hydrocarbon limit for effluent discharged from a Cambridge Bay landfarm (attaching the comments for your convenience—it's on p.3). Is there a certain recommended value for this limit that you could provide? Would be very helpful.

Thank you,

Assol
