February 13, 2001

To: Distribution List

The Nunavut Water Board received an application for licence amendment from Homestake Canada Inc. for the disposal of waste rock into Shear Lake.

The application is currently being reviewed by NPC for conformity with their land use plan. The application will be screened by NIRB upon completion of this conformity review.

At this point, we are just mailing the cover letter from Homestake dated February 2, 2001 and the application package titled "Application for Approval of Disposal of Shear Lake Waste Rock Located at the Cullaton Lake Property."

At a later date, a letter will be sent to the distribution list with details such as deadline for submissions.

Sincerely,

Original signed by:

Rita Becker
Licensing Administrator
