Subject: NWB1CUL0207 Water License Amendment – Deletion of Thermistors from License

Dear Mr. Martschuk:

In November of 2003 the NWB received a request from Barrick Gold Corporation to have the requirement regarding thermistors deleted from the water license. This request was never processed through regular channels. Could you please advise whether or not this amendment to the current water license is still a valid requirement. Attached is the original letter and report we received.

Yours truly,

*Original signed by:*

Phyllis Beaulieu
