Hi Paul and May,

First of all Thanks for the many discussions that we have had and the report on the closure plan for Cullaton Lake.

I just want to confirm that CIRNAC is still looking at the proposed discounting. Internal discussions are happening, however some of the concerning people have been away on holidays.

At this time we want to confirm that, although you have kept the 3% discounting in your report, we have not committed to accepting the 3% discounting as of yet. Internal discussions on-going.

Regards,

Ian Parsons,

Manager, Water Resources
