Thank you, Paul.

Combined with the document entitled "Barrick Cullaton Lake Tailings – 2018 Thermistor Installation" dated November 22, 2018 and provided with the 2018 annual report, the requirement to provide the Thermal Monitoring Program can be considered as fulfilled.

Good morning Paul,

Thank you for providing more information on thermal monitoring. Could you please confirm if the results of thermal monitoring and their discussion are to be provided in the annual reports for corresponding years?

Best regards,
