OBJET / SUBJECT: Seasonal Closure of DEW Line Site DYE-M (Cape Dyer), and
Project Closure at DEW Line Sites FOX-M (Hall Beach), and CAM-3
(Shepherd Bay)

MESSAGE :

Good Morning,

As required under the water use licenses for the above-mentioned licenses, the DEW Line Clean up Project is notifying your department that these sites will be closing down shortly. For DYE-M, this will be a seasonal closure, but FOX-M and CAM-3 have completed the project's remediation objectives, and will be closing permanently (all equipment to be removed), with only landfill monitoring to follow. Specific dates of closure at each site, subject to slight variation, are the following:

DYE-M: October 15, 2007. (Site completion planned for 2011).
FOX-M: September 16, 2007
CAM-3: September 16, 2007

If you have any questions please do not hesitate to contact me.

Best regards,

Douglas Craig, M.Sc.
