Dear Mr. Amarualik:

RE: Inuit Owned Land Access Permit Application for the FOX-C (Ekalugad Fjord) Intermediate Dew Line Site Clean-up Project

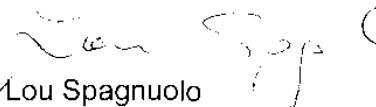

Please find enclosed a completed Inuit Owned Land (IOL) Access Permit application and all relevant support documentation, including the project description (work plan) and relevant site maps and plans, for the clean-up of the FOX-C (Ekalugad Fjord) DEW Line site near Qikiqtarjuaq.

In 2004, the Department of Indian and Northern Affairs (DIAND) completed site investigations at FOX-C under Land Use Permit Number N2004X0025, Water Licence Number NWB5EKA0406, an Inuit Owned Land Access Permit and a Nunavut Planning Commission approval. Due to a significant change in scope, a new application for the remediation activities is being submitted. It is expected that all existing approvals will be replaced by the new permits.

In addition to applying for an Inuit Owned Land Access Permit, DIAND is also applying for a new Water Licence, Land Use Permit and Nunavut Planning Commission Conformance Check.

Should you have any questions please feel free to contact the Project Manager, Robert Martin, at (867) 979-7931.

Sincerely,

Lou Spagnuolo
