Subject: Application for Amendment – FOX-C Ekalugad Fjord Landfarm

Dear Mr. Spagnuolo:

The documents submitted on March 30, 2007, as an amendment to your license, have been reviewed and it has been determined that the proposed work falls under modifications. Please refer to Part G, Item 1 (i) and (ii) of your current water license.

Please ensure that the construction for modifications are in compliance with the original project specifications and that the terms of Part D, Items 1 to 3 are followed. Once the project has been completed you are required, under Part G, Item 3 to provide as-built plans and drawings, stamped by an Engineer.

Based on this review the NWB hereby requests that you submit a letter of withdrawal of the amendment as well as a letter of notification the modification.

Yours truly,

Original signed by:
