Dear Ms. Plato;

The Nunavut Water Board (“NWB”) has completed a technical review of the 2008 Annual Report submitted under Part B, Item 1 of Licence 1BR-EKA0809. The report was distributed for information on May 1, 2009. No comments have been received. The Annual Report was found to be missing a few items required under the Licence including:

- B1(b) The monthly and annual quantities, in cubic metres, of sewage generated;
- B1(c) The monthly and annual quantities, in cubic metres, of material deposited in Solid Waste Disposal Facilities; and
- B1(e) Tabular summaries for all data and information generated under the “Monitoring Program”, Part K; (This would included discharge data from the Demolition Rinse Area, Landfarm including monitoring wells and Non-Hazardous Waste Landfill)

The Licensee is advised to include all information required by the Licence in future annual reports.

Should you have any further questions, please feel free to contact the undersigned at (867) 360-6338 or by email to [dcarr@nunavutwaterboard.org](mailto:dcarr@nunavutwaterboard.org) at your earliest convenience.
