Re: Spill Contingency Plan for the Fox-3 Dewar Lakes DEW Line Clean-Up Project

Dear Ms. Schulz:

I have begun my preliminary technical review of the above mentioned project. In order to continue processing the application the Nunavut Water Board requires submission of a Spill Contingency Plan prior to distribution of your application for public review.

I am currently in the Gjoa Haven office until January 27 and can be reached at (867) 360-6338 or email at tech3@nwb.nunavut.ca. Please feel free to contact me if you have any questions.

Regards,
