Re: Application Acknowledgement for the the FOX-4 Cape Hooper DEW Line Clean-up Project

Dear Ms. Schulz:

The Nunavut Water Board acknowledges receipt on April 2, 2004 of your water license application, for the FOX-4 Cape Hooper DEW Line Clean-up Project. An application was submitted in 1999 and subsequently cancelled due to the fact that the work had been completed prior to the water license being approved. Based on this information, the NWB has changed your application from "renewal" to "new".

We undertook a preliminary review of your application and conclude that it does not contain sufficient information for the NWB to proceed at this time. Specifically, we are asking you to provide the following:

- Project Summary in English and Inuktituk

We will resume the processing of your application once we receive the requested information.

Please call the undersigned at (867) 360-6338 or email at [licensing@nwb.nunavut.ca](mailto:licensing@nwb.nunavut.ca) if you have any questions.

Sincerely,
