**Re: Nunavut Water Board License 1BR-FOX0713/ FOX-4 Cape Hooper Remediation
(Eva Schulz, AECOM)**

Due Date: May 19, 2011

Dear Phyllis Beaulieu:

At your request, the Department of Culture, Language Elders and Youth (CLEY), Government of Nunavut, has reviewed the above-noted application. Our recommendations are limited to CLEY's mandate and follow.

The Department of Culture, Language, Elders and Youth does not object to a water licence being issued for the above noted application. A Nunavut Archaeologists Permit has been applied for in association with this project. However, CLEY is requiring specific terms and conditions be attached to this approval. The terms and conditions CLEY is requiring are as follows:

- 1) The permittee/proponent shall have a professional archaeologist perform the Functions associated with the specific Types of Development outlined in attached Terms and Conditions.
- 2) If there are recorded sites within the project area as indicated by Attachment #1 these sites must be avoided, until such time as specific mitigation measures are established. Attachment #1 is provided solely for the purpose of the proponent's land use activities as described in the land use application, and must otherwise be treated confidentially.
- 3) If an archaeological site is encountered or disturbed in the course of the land use activity methods of site protection and restoration must be followed by the applicant.

Sincerely,

set by email

Julie Ross
Territorial Archaeologist
Department of Culture, Language, Elders and Youth
