Re: Authorized Signature on Water Use Licence Renewal Applications

DND has recently submitted renewal applications for the following water use licences:

1. 1BR-FRA1016 (PIN-3 Lady Franklin Point)
2. 1BR-SHE1016 (CAM-3 Shepherd Bay)
3. 1BR-PEL1016 (CAM-4 Pelly Bay)

The primary contact for these water use licences will be Laura D'Costa, the DEW Line Project Manager. Ms. D'Costa is currently on leave, and Cynthia Tremblay is acting in her position.

Given that Ms. D'Costa is currently unavailable to sign the water use licences, please be advised that Ms. Tremblay has the authority to sign them on behalf of Ms. D'Costa.

Regards,

Ranjeet Gupta  
Acting Director General, Environment and Sustainable Management, DND

Canada
