RE: NWB5FRA – Defence Construction Canada – PIN-3 DEW Line Site, Land Franklin Point - Monitoring Plan

On behalf of Environment Canada (EC), I have reviewed the information submitted with the above-mentioned application. The following specialist advice has been provided pursuant to Environment Canada's mandated responsibilities for the enforcement of the *Canadian Environmental Protection Act*, Section 36(3) of the *Fisheries Act*, the *Migratory Birds Convention Act*, and the *Species at Risk Act*.

Defence Construction Canada, on behalf of the Department of National Defence, has submitted a monitoring plan as required by their current water license.

Based on the information provided, EC has no concerns with the monitoring plan as currently presented.

If there are any changes in the proposed project, EC should be notified, as further review may be necessary. Please do not hesitate to contact me with any questions or comments with regards to the foregoing at (867) 975-4639 or by email at colette.spagnuolo@ec.gc.ca.

Yours truly,
