Dear Madame,

PIN-3 Radar Site, North Warning System at Lady Franklin Point, NU

In 2000, the PIN-3 radar site at Lady Franklin Point, which is located on the south end of Victoria Island, Nunavut, was partially destroyed by fire. After careful consideration, the Department of National Defence (DND) has decided to rebuild this facility.

The purpose of this letter is to begin the formal consultation process to allow DND to rebuild this facility. This is in compliance with the regulatory framework within the Nunavut Settlement Area.
