**Re: Landfill monitoring Reports and Environmental Working Group Recommendations for PIN-3, FOX-4, FOX-M, CAM-2, CAM-3, and CAM-4**

Phyllis:

Please find enclosed both paper and electronic copies of the landfill monitoring reports, and Environmental Working Group (EWG) recommendations in fulfillment of the annual Water Use Licence reporting requirements for the above noted sites for the 2008 monitoring year. FOX-5 is the sole remaining site and we are awaiting a second copy of the report to be printed.

I apologize for the late submission. Between getting the reports from our consultants, EWG reviews, and the difficulty in getting the translations, it's been longer than usual. I will make strong efforts to ensure that such a late submittal does not happen again.

Best regards,
