Dear Ms. Ohokannoak, Mr. Kharatyan, Ms. Barker:

RE: NPC File # 148628 Application for Renewal of NWB Water Licence 1BR-1217

The following works and activities have been proposed in the above-noted project proposal:

1. Site Cleanup/Remediation: Renew and extend NWB Water Licence 1BR-1217 for the Cambridge Bay Airport-Firefighter Training and Apron Areas Remediation Project. The renewal does not represent a change in scope for the project. Transport Canada is requesting only a change to the term of the licence from November 1, 2017 to October 31, 2027.
2. Location: Kitikmeot Region; Cambridge Bay

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has determined that this project proposal is outside the area of an applicable regional land use plan, and the works and activities listed above were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 12XN023). This project proposal is exempt from the *Nunavut Planning and Project Assessment Act* (NUPPAA) under section 235 of that Act. The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:
