RE: Licence No: 1BR-FTA1828 Type “B”; Cambridge Bay Airport – Firefighter Training and Apron Areas Remediation, Transport Canada; 2018, 2019 and 2020 Annual Reports Review

Dear Jackie Barker and Reid Campbell:

The Nunavut Water Board (NWB or Board) has completed the technical review of the 2018, 2019 and 2020 Annual Reports (2018 Report, 2019 Report and 2020 Report, respectively) (Reports) for Type “B” Water Licence 1BR-FTA1828 (Licence). The 2018 Report was received on March 30, 2019; the 2019 Report was received on March 25, 2020, and the 2020 Report was received on March 30, 2021 from Transport Canada (TC or Licensee) and submitted as a requirement under Part B of the Licence.

Copies of all documents received during Reports review can be accessed through the NWB’s Public Registry and FTP site using the following link:

<ftp://ftp.nwb-oen.ca/registry/1%20INDUSTRIAL/1B/1BR%20-%20Remediation/1BR-FTA1828%20TC/3%20TECH/B%20GENERAL/2%20ANNUAL%20RPT>

The NWB distributed the Reports to the Kitikmeot distribution list for information on April 15, 2019, June 1, 2021, and April 1, 2021, respectively. No comments have been received to date. The Board considers that the monitoring information provided in the Reports satisfies the requirements of the Licence.

The NWB notes that the Licensee provided with the 2020 Report the *Abandonment and Restoration Plan, Cambridge Bay Airport Apron Land Treatment Unit, Version 3* dated February 17, 2021 (Plan). The Licensee also submitted the *Preliminary Quantitative Risk Assessment, Apron LTU, Cambridge Bay Airport, Victoria Island, Nunavut* dated March 25, 2021 to accompany the Plan. Both documents are currently undergoing public review.

If you have any questions, please contact the undersigned at assol.kubeisinova@nwb-oen.ca or (867) 360 6338 (ext. 31).

Best regards,

Assol Kubeisinova
Nunavut Water Board
Technical Advisor
