

EXECUTIVE SUMMARY
2019 Annual Report for TC Licence No. 1BR-FTA1828
Cambridge Bay Land Treatment Units

On behalf of Transport Canada, Stantec Consulting Ltd. completed supervision and monitoring activities at the Apron land treatment unit and the Fire Training Area land treatment unit located at the Cambridge Bay Airport on Victoria Island, Nunavut between August 7, 2019 and August 17, 2019. The two land treatment units were built to contain and treat contaminated soil. The environmental monitoring program was carried out in accordance with the Nunavut Water Board (NWB) licence requirements.

Transport Canada has no immediate plans for site closure and/or decommissioning of the Cambridge Bay land treatment units but will continue annual monitoring in accordance with its NWB Licence. Transport Canada will keep the NWB apprised of its future plans for ongoing operation and maintenance of the land treatment units.
