Re: FOX-M Hall Beach DEW Line Site Clean-up

The Nunavut Water Board received an application for a new water license, on January 29, 2003, from UMA Engineering Ltd. on behalf of Defence Construction Canada for the above project.

Notice of this application will be posted at local organizations in Hall Beach and Igloolik.

The application documents are available through the internet on NIRBs ftp site at <ftp://ftp.nirb.yk.com> in the folder "03DN013".

NWB5HAL is currently being screened by NIRB, and will be processed by NWB when NIRB completes its determination. Parties involved in NIRB's screening can send their comments directly to NIRB as per their instructions. For all other parties, the Nunavut Water Board is accepting written concerns and comments with regards to this project before **April 2, 2003**.

Sincerely,
