Re: Additional Information Request for Amendment to Water Licence NWB5HAL0308

Dear Ms. Schulz:

I have reviewed the application for an amendment for water licence NWB5HAL0308 to increase water extracted from the water supply lake to 100 m<sup>3</sup> per day from 30 m<sup>3</sup> per day.

As a result of the technical review, please provide a brief assessment of water supply lake to determine if there is sufficient capacity to increase the rate of extraction.

If you have any questions I can be reached at [tech3@nwb.nunavut.ca](mailto:tech3@nwb.nunavut.ca) or 867-873-8948.

Regards,
