On April 10, 2015 your application for cancellation was received in this office. Prior to distribution the following is required:

1. Annual Report for 2006 - no annual reports are on file with the NWB.
2. Summary of cancellation application in English and Inuktitut.

By copy of this email to Andrew Keim, I advise that we have no record of a closure report for this file. Perhaps you can resend for our records.

Once documents are received this application will move forward.

Technical department please provide name of a tech for review.  
Thanks.
