Dear Mr. Dwyer,

Thank you for your September 11, 2020 invitation to comment on the Abandonment and Restoration Plan from Transport Canada (TC) under the 1BR-IAG1924 Water Licence. Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) has conducted this review pursuant to its mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and the *Department of Crown Indigenous Relations and Northern Affairs Act*, and other associated legislation and policies. CIRNAC has not identified any issues with the plan. Please find below CIRNAC comment and recommendation;

CIRNAC Comment: The Abandonment and Restoration Plan September 2020, indicates that *"Following the completion of work, and prior to March 31st, 2021, TC will provide a description of the work completed and photos of the restoration to the Nunavut Water Board"*. CIRNAC appreciates this plan by the TC. The before and after photos of the site will provide a complete picture of the abandonment and restoration work completed.

CIRNAC Recommendation: CIRNAC recommends that TC also include the before restoration photos of the site to the planned *'photos of restoration'* that will be sent to the Nunavut Water Board.

If you have any questions regarding this, please contact me.

Best Regards,

Godwin Okonkwo (M.Sc., P.Bio)
