**Re: Iqaluit Airport Water License Amendment Application Withdrawal - (1BR-IIA1518 Amendment)**

Dear Cynthia

Following discussions with our Contractor I can confirm that we are withdrawing the amendment requested in our documents sent in on the 31<sup>st</sup> March 2016 related to license - 1BR-IIA1518 Amendment.

The documents indicated as unavailable by INAC on the NWB Registry have been previously sent to the NWB.

I can confirm that I will replace Paul Hill as the point of contact for the NWB regarding the License, and Paul can be removed from your file as a contact. Please retain Bindu Sankunny and Michel Boulianne on file as other individuals who can be contacted within the Group if needed.

Yours sincerely,

**John Wood**
