The Nunavut Water Board acknowledges receipt, on August 19, 2014 of a new application for a Type B licence. Currently the file is being reviewed for administration and technical completeness. You will be notified on any deficiencies prior to our 30 day review.

I note, Michel, that one of the emails you sent through indicates a secure submission, however we are not able to access it. Can you confirm if there was another document or documents to come through? If so it/they will need to be submitted as email attachments.
